### **Subject Languages Wikibooks open books for an open world**

The books in this subject area deal with languages, in particular foreign language learning. The study of individual modern and classical languages forms the backbone of the modern study of the humanities, while the scientific study of language is known as linguistics and is a social science. Since many areas of the humanities such as literature, history, and philosophy are based on language

### **E book Wikipedia**

An electronic book (or e-book or eBook) is a book publication made available in digital form, consisting of text, images, or both, readable on the flat-panel display of computers or other electronic devices. Although sometimes defined as "an electronic version of a printed book", some e-books exist without a printed equivalent. E-books can be read on dedicated e-reader devices, but also on any
