London Eye Toxic City 1 by Tim Lebbon Goodreads

London Eye, book one of the Toxic City young adult post apocalyptic series by Tim Lebbon was a decent read. Let me start by saying that Tim Lebbon is one of my very favorite authors out there today. His adult oriented, genre crossing, dark fantasy is simply amazing.

The London Eye Mystery London Eye Mystery 1

The London Eye Mystery caught my attention for two reasons. The first is because Siobhan Dowd is said to be the original creator of the (fantastic) book A Monster Calls, and it's set in London and the (fantastic) London Eye obviously plays a large part in the story. As far as a mystery book, The London Eye Mystery did not disappoint. http://ebookslibrary.club/download/The-London-Eye-Mystery--London-Eye-Mystery-1-.pdf
