Recommended User Interface Books Nielsen Norman Group
GUI Bloopers 2.0: Common User Interface Design Don'ts and Dos, second edition, by Jeff Johnson (buy in the U.S. or buy in the U.K.) Almost an anti-textbook, Johnson focuses on what not to do. This is a much more entertaining way of learning basic interaction design principles than the usual "first principles" approach.

User Interface Design for Programmers Free Pdf Download
About the e-Book User Interface Design for Programmers Pdf Most programmers' fear of user interface (UI) programming comes from their fear of doing UI design. They think that UI design is like graphic design the mysterious process by which creative, latte-drinking, all-black-wearing people produce cool-looking, artistic pieces.
